

Sarah Glass, DDS

“Oral Cancer Screening”

Friday, January 26, 2024 • 9:00-11:00 am • 2 CE Credit Hours

THIS LIVE STREAMING WEBINAR WILL INCLUDE A QUESTION & ANSWER SESSION

The webinar will also be recorded and available for on-demand viewing and CE credit for 30 days beginning on Monday 1/29/24 on the NVDS website (www.nvds.org)

Synopsis: The head and neck exam is one of the most important things a dentist can do for patients. This presentation will review common oral pathologies that you are likely to encounter during an exam, and it will improve your ability to construct differential diagnoses based on location and appearance. This presentation will also review concerning lesions such as oral potentially malignant disorders and signs of malignancy to help you stay vigilant. With new discoveries in head and neck cancer, this presentation will provide the most updated information on the process of cancer diagnosis and treatment.

Course Objectives:

- Synthesize oral anatomic subsites and the most common pathology
• Highlight oral potentially malignant disorders
• Discuss the process of cancer diagnosis and treatment

NVDS Online Continuing Education

About Our Presenter:

Sarah Glass grew up in Virginia. She attended Virginia Tech for her undergraduate degree and obtained her Doctor of Dental Surgery from Virginia Commonwealth University. After dental school, she completed a three-year Oral and Maxillofacial Pathology residency at New York Presbyterian/Queens. Sarah Glass is a Fellow of the American Academy of Oral and Maxillofacial Pathology and a Diplomate of the American Board of Oral and Maxillofacial Pathology. Today, she works as an assistant professor at VCU School of Dentistry. Her job responsibilities include teaching, working in the biopsy service, seeing oral medicine patients, and conducting research.
