

# 2023 Give Kids A Smile Day – The NVDS Way!

In 2022, NVDS reinvented its' **Give Kids A Smile Day Program** with a newly revised approach that provided extended care to children in need. Our pilot program was hugely successful, recognized nationally in the ADA News, and other societies have since emulated our program. The children triaged last year and assigned to a dental practice for pro bono care are doing well in their new dental homes.

In an effort to continue forward with our vision in 2023, it is our hope that more of our NVDS member dentists and specialists may be interested in the pro bono adoption of a child's dental care (for a period of two-years or until child needs Tertiary care).

**CAN YOU HELP?** I am interested in the pro bono adoption of ONE child's dental needs \_\_\_\_\_  
 I am interested in the pro bono adoption of MULTIPLE children's dental needs \_\_\_\_\_ (specify #)

DENTIST'S NAME: \_\_\_\_\_
