"Cranio-Mandibular Evaluation and Appliance Therapy in the Restorative Practice"

Friday, April 25, 2025 * YM Dental Lab *

14100 Park Meadow Dr. #100, Chantilly, VA 20151
Registration: 8:00-8:30 am Program: 8:30 am-4:30 pm
Full Day In-Person Course • 6 CE Credit Lecture Hours • Business Attire

Synopsis:

The cranio-mandibular complex frequently presents the restorative dentist with challenges to predictable, long-lasting dental therapies. Structural and Functional pathology determines the necessary scope of diagnosis before a treatment can be recommended. Thorough evaluation and understanding of the patient's present condition will help the restorative dentist decide when appliance therapy is indicated, when referral is appropriate, and what restorative option will provide the best result.

Course Objectives:

- Assess the functional anatomy of the cranio-mandibular system.
Use the diagnostic keys in recognizing joint pathology.
Implement rationale for determining what could be treated and what should be referred.
Implement a system of diagnostic determination for design, expectations, and follow-up of individualized occlusal appliances.

PROGRAM REGISTRATION FORM · Friday, April 25, 2025 · Gary M DeWood, DDS, MS

We encourage you to register online at www.nvds.org.

Registration form fields: Dentist Name, E-Mail, Staff Member, E-Mail, Staff Member, E-Mail, Phone

Northern Virginia Dental Society is an ADA CERP-recognized provider approved by Virginia Dental Association. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. NVDS designates the above activities for the number of continuing education credits listed above. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp. Approved PACE program provider, FAGD/MAGD credit 4/1/23 until 3/31/2027 ID#212489. Approval does not imply acceptance by any regulatory authority or AGD endorsement. Gary DeWood has no financial relations relevant to this course to disclose. Please feel free to contact NVDS, Erin Matlock with any questions at (703) 642-5298 or ematlock@nvds.org.

About Our Presenter:

Dr. Gary DeWood has been practicing restorative dentistry since 1980 and actively involved in teaching since 1992. In 2003 teaching became his primary activity when he accepted a position as Clinical Director at The Pankey Institute. In 2008 he relocated to Seattle to serve as president of The Seattle Institute, Dr. Frank Spear’s education company. As one of the two founding clinicians of Spear Education, he relocated to Phoenix to serve as executive vice president of the newly formed Spear Education in Scottsdale. Spear Education was sold to a venture capital firm in 2023 and his position was eliminated. Gary has held appointments as assistant professor at the Arizona School of Oral and Dental Health; associate professor at the University of Tennessee School of Dentistry; and assistant professor at the University of Toledo College of Medicine. Today he is active in teaching at The Pankey Institute and as a principal in Global Diagnosis Education. He is also active with speaking engagements and works with individual and group practices as a coach. He continues to see patients in private practice with his practice partner Dr. Lee Ann Brady at Desert Sun Smiles in Glendale, Arizona.
