Managing Acute Pain and Prescribing of Controlled Substances: What We Learned Since 2017

Friday, November 13, 2026
Fairfax Marriott at Fair Oaks

11787 Route 50, Fairfax, VA 22033

Registration: 8:00-8:30 am Program: 8:30 am-4:30 pm

Full Day In-Person Course • 6 CE Credit Lecture Hours • Business Attire

This course meets the Virginia Board of Dentistry's requirement of two (2) CE credit hours for controlled substance and pain management every two (2) years.

Synopsis: This program is a significant update; it reviews what we have learned since 2017 when many states required opioid training. Virginia along with many other states requires all providers with a DEA take a Pain Management, Palliative Care and Addiction Education training. It can also be applied towards the Federal MATE Act 8 hour requirement. It is designed for all prescribers of controlled substances from the dental student to veteran about to retire. Through literature reviews, case studies and professional experience you will understand how to effectively manage your patients pain, your own daily pain while at the same time combating the current opioid epidemic.

We encourage you to register online at www.nvds.org.

- Review state and federal MATE requirements for prescribing controlled substances;
- Establish a pain management plan for your office;
- Utilize appropriate prescribing practices;
- Manage acute pain;
- Prevention, screening and signs of addiction;
- Responses to abuse and addiction

About Our Presenter:

Dr. Marc M. Gottlieb was born and raised on Long Island, attended Union College in Schenectady, New York and then shuffled off to Buffalo for Dental School. While attending the University at Buffalo he received many academic scholarships, awards and fellowships. After graduation from dental school Dr. Gottlieb went on to a two-year post-graduate residency program at Long Island Jewish Medical Center. This unique opportunity provided advanced training in anesthesiology and all the specialties of dentistry. Dr. Gottlieb is an Associate Professor Emeritus at Stony Brook University Hospital. During his 42-year dental career was awarded 2 U.S. patents, presented over 125 continuing education programs, published over 20 dental articles and uploaded over 300 YouTube videos. For the past twelve years he has been honored by Dentistry Today's list of top CE providers.
